TAPR is proud to announce the creation of a virtual meeting, workshop, and seminar page on the www.tapr.org pages.

On our new pages, TAPR uses the RealAudio system to make presentations available for a few events that many amateurs were not able to attend. TAPR is evaluating the RealAudio system, and its current implementation on the TAPR server is limited. The system only allows 6 concurrent connections, so if you find that an audio channel is busy -- try back at another time.

Please let us know what you think about this -- we really want to hear about your experience with these pages.

Currently, the virtual meeting pages include:

*** 1995 TAPR Annual Meeting, St Louis, MO.

Couldn't attend the TAPR meeting in March of 1995 ? Well - here is your opportunity to listen in to both the Sunday workshops. The TAPR/AMSAT DSP-93 Workshop by Bob Stricklin, N5BRG, and Tom McDermott, N5EG as well as a seminar on Error Control Coding by Phil Karn, KA9Q are made available. Using the Adobe Acrobat format (pdf) we have provided the overheads and between the audio and the overheads you should be able to get a lot from the workshop you couldn't attend!

*** Repeater Frequency Coordinators Meeting, Oct 7th, 1995

Hear the entire meeting of the nations repeater frequency coordinators who met with the ARRL and the FCC in St. Charles, Missouri, October 7th, 1995.

Hear what was said by Rod Stafford, President of the ARRL and Ralph Haller, N4RH, Deputy Chief of the FCC's Wireless Telecommunications Bureau. Listen in on the eventual discussions, debates, and eventual outcomes. Read what Newsline published regarding the event.

*** Ham Radio and More Show, August 13th, 1995

Hear the August 13th guest, Greg Jones, WD5IVD, President of TAPR discuss digital issues and what TAPR is doing.

Amateur Spread Spectrum Web Page

A new article by Dewayne Hendricks, WA8DZP, now appears on the Amateur Radio Spread Spectrum Web Pages. The article appears in the next PSR and covers current issues on Amateur Spread Spectrum.

Keep an eye on the Amateur SS Web page as issues and technology develop.

* New on the SS Web Page <http://www.tapr.org/ss>

Presentation by Karn, Phil, KA9Q concerning Spread Spectrum at the ARRL Southwestern Division Convention in Long Beach in early September 1995. (karn.ss.longbeach.95.pdf [36K])

* New on the TAPR Web Page <http://www.tapr.org>

DTMF Accessory Squelch (DAS) page and information. The DAS will appear in the December QST. Paul Newland, AD7I, is the designer.

* Virtual Meeting Pages

The realaudio pages are getting a lot of access. If you haven't checked out the meeting pages...please do so.

The old Internet address of "dingus.n5lyt.datapoint.com" has been deleted.
There are still WWW pages out there that use this name in their links.

We have been tracking many of them down and asking the maintainers to change them to "www.tapr.org", but we are sure there are many that have been missed.

Please pass the word -- and if you find something using the old address, please correct it or inform those who maintain the site to correct it.

Cheers - TAPR

The TAPR system will be going down Sunday starting at 3 PM CST (2100 UTC) to upgrade the O/S. It will most likely be down for the rest of the day as I need to do complete backups before I start, and they take a while.
